

SHIPPING, PACKAGING & PACKING SUPPLIES FOR RFID AND UID

GSA Federal Supply Schedule
Contract Number: GS-02F-0060S

COMPANY INFORMATION

XIO Strategies, Inc
1919 Gallows Road
Suite 900
Vienna, VA 22182
(571) 722-1900 (office)
(703) 356-4849 (fax)
<http://www.xiostrategies.com>

XIO Strategies (“XIO”) is a small, certified woman-owned business with a very positive track record of delivering high-quality services that are vital to mission success. Our uniquely qualified consultants are adept at developing tailored business solutions that won’t overburden your cost structure. Along with their specialized experience, all of our consultants are trained in the areas of technology and logistics. With our extensive experience comes both a sharp insight into the issues and problems that plague our clients, and an ability to distill these problems into achievable goals. Applying the XIO skill set, our clients are enhancing the identification of cycle time reduction opportunities and streamlining the design of system initiatives. We continue to enhance our practice staff through the addition of career professionals with experience in information technology. We strive to provide this highly quality talent on every task to efficiently and effectively customize a lasting solution for each of our clients. By identifying and leveraging each opportunity for higher performance, we address the critical challenges in business transformation for our clients.

SHIPPING, PACKAGING AND PACKING SUPPLIES SCHEDULE CONTRACT

Contract No.: GS-02F0060S
Federal Supply Group: FSC Group 81
January 6, 2006—January 6, 2011

Business Size: Small, Woman Owned Business

Online access to contractor ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through GSA *Advantage!*TM, a menu-driven database system. The INTERNET address for GSA *Advantage!*TM is:
<http://www.GSAAdvantage.gov>.

CUSTOMER INFORMATION

1a. Table of awarded Special Item Numbers (SINs)

<i>SIN</i>	<i>Description</i>	<i>Page</i>
617-13	Unique Identification (UID)/ Radio Frequency Identification (RFID New Technology)	2

- 1b. **Price list/ rates:** *See page 3.*
- 1c. **Labor category descriptions/qualifications:** *See page 5.*
2. **Maximum order:** \$150,000.00
3. **Minimum order:** \$100.00
4. **Geographic coverage (delivery area):** Domestic Delivery
5. **Point(s) of production (city, county, and state or foreign country):** Same as company address.
6. **Discount from MSRP:** Government net prices (discounts already deducted). See details.
7. **Quantity discounts:** N/A.
8. **Prompt payment terms:** Net 30 days
- 9a. **Notification that Government purchase cards are accepted at or below the micro-purchase threshold:** Yes
- 9b. **Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** Accept Over \$2,500
10. **Foreign items (list items by country of origin):** None
- 11a. **Time of Delivery:** Specified in the task order
- 11b. **Expedited Delivery:** Contact contractor
- 11c. **Overnight and 2-day delivery:** Contact contractor
- 11d. **Urgent Requirements:** Contact contractor
12. **F.O.B Point(s):** FOB Destination
- 13a. **Ordering Address(es):** Same as company address
14. **Payment address(es):** Same as company address.
15. **Warranty provision:** Contractor's standard commercial warranty
16. **Export Packing Charges (if applicable):** N/A
17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
18. **Terms and condition of rental, maintenance, and repair (if applicable):** N/A
19. **Terms and conditions of installation (if applicable):** N/A
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
21. **List of service and distribution points (if applicable):** N/A

22. **List of participating dealers (if applicable):** N/A
23. **Preventative maintenance (if applicable):** N/A
24. **Year 2000 Compliant:** N/A
25. **Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants):** N/A
26. **Data Universal Numbering System (DUNS) number:** 13-3845201
27. **Notification regarding registration in Central Contractor Registration (CCR) database:** Registered.

Contractor will accept LH and FFP

CONTRACT SCOPE

RFID/UID Services Available from XIO

The Special Item Number (SIN) available under this contract provides for a wide range of RFID and UID services. When task orders are placed, they must identify the SIN under which the task is being executed. XIO has been awarded a contract by GSA to provide services under the following SINS:

617 13 Unique Identification (UID)/Radio Frequency Identification (RFID)

A full description of the SIN is provided below. Examples of projects covering this SIN include training and education for Alien Technologies, support of the Department of Defense Radio Frequency Identification Device (RFID) Initiative and Unique Identification (UID) Initiative, and a study of Operation Iraqi Freedom (OIF) Lessons Learned. Please visit our website to learn more about these efforts at www.xiostrategies.com

SIN 617 13 Unique Identification (UID)/Radio Frequency Identification (RFID)

For a variety of applications including supply chain management, logistics, and anti-counterfeiting, to improve inventory management and reduce operating costs. Unique Identification (UID) is a system of distinguishing one object from another. UID of items requires that qualifying items have a data matrix inscribed either directly on the item or on a permanent machine-readable label affixed to the item. UID is a mandatory Department of Defense (DoD) requirement for all acquisitions beginning January 1, 2004. It is also mandatory that all legacy items and all Government Furnished Property (GFP) be marked by January 1, 2006. Radio Frequency Identification (RFID) is a method of remotely storing and retrieving data using devices called RFID tags/transponders. An RFID tag is a small object integrated with a silicon chip, such as an adhesive sticker, that can be attached to or incorporated into a product. RFID tags contain antennas to enable them to receive and respond to radio-frequency queries from an RFID transceiver. RFID allows for individual items to have a unique identifier and can identify many items at once. RFID enables consumer packaged goods companies, retailers and other industries to improve their operating efficiency throughout their supply chains.

PRODUCT CATALOGS

The following tables outline the RFID products available under this XIO GSA schedule. Table 1 identifies products and services from GlobeRanger, a leading RFID middleware provider. Table 2 identifies products from Alien Technologies, an RFID tag and reader industry leader. Table 3 identifies an RFID training course from RFID Revolutions.

Table 1: GLOBERANGER

		separately.		
ALR-9800-WRDI-DevC	Readers Americas	915 MHz, intelligent, Enterprise Reader Developer's Kit with IBM WebSphere RFID Device Infrastructure software stack installed. C1G2, 4 ports, high performance, Multistatic antenna topology for high sensitivity. Includes reader, 2 circular antennas with cable, tag samples, serial cable, power supply, power cord, Quick Reference Guide, Quick Installation Guide, Developer's kit software CD, additional antennas available separately.	ea	\$ 2,809.96
ALR-9650	Readers Americas	915 MHz, Smart Antenna reader kit, C1G2, integrated antenna, POE support	ea	\$ 1,064.36
ALR-9650-DevC	Readers Americas	915 MHz, intelligent, Enterprise Reader Developer's Kit, C1, C1G2, 4 ports, high performance, Monostatic, enhanced interference rejection. Includes reader, power supply, integrated antenna, Quick Reference Guide, Serial cable. Does not require external antenna for single-antenna applications. Includes reader, power supply, integrated antenna, tag samples, Quick Reference Guide, Quick Installation Guide, Developer's kit software CD, Does not require external antenna for single-antenna applications.	ea	\$ 1,405.73
ALR-9611-CR	Antennas	Antenna, circular, for use with Alien readers operating in the 902-928MHz band. Replaces ALR-9610-BC	ea	\$ 222.11
ALR-9610-AL	Antennas	Antenna, linear, for use with Alien readers operating in the 902-928MHz band.	ea	\$ 192.30
ALX-9010	Portal Towers	Free-standing portal chassis for all single and double-sided portals. Includes steel chassis, plastic RF-transparent covers, wiring harnesses,	ea	\$ 1,890.20

MFR PART NO.	PRODUCT GROUP	PRODUCT NAME AND DESCRIPTION	UOI	PRICE
		connections and power supply for general-purpose I/O connectors. <i>Does not include accessories, reader or antennas.</i> Same chassis as used in the ALR-9812, 9814 and 9815 models.		
ALR-9812	Portal Towers	Single-sided portal with ALR-9800 reader and 2 circular antennas. Supports stacked pallets to a maximum recommended height of 80 inches.	ea	\$ 4,600.29
ALR-9814	Portal Towers	Double-sided portal with ALR-9800 reader and 4 circular antennas. Supports stacked pallets to a recommended height of 80 inches.	ea	\$ 4,984.89
ALR-9822	Portal Towers	Single-sided, extended height portal with ALR-9800 reader and 3 circular antennas. Supports stacked pallets to a recommended height of 96 inches.	ea	\$ 4,783.65
ALR-9824	Portal Towers	Single-sided, extended height portal with ALR-9800 reader and 4 circular antennas. Supports stacked pallets to a recommended height of 96 inches. Provides additional coverage at floor level.	ea	\$ 4,984.89
ALX-9013	Portal Accessories - Accessories are shipped in separate packaging. Installation is required.	Lightstack. 3-color light stack mounts on top of portal unit. Triggered by reader I/O signal. Required power supply is already included with the portal and does not ship with the accessory.	ea	\$ 508.33
ALX-9015	Portal Accessories - Accessories are shipped in separate packaging. Installation is required.	Photo eye presence detector. Photo eye presence detector detects presence of pallet or other object in front of the portal and provides digital signal to reader via GPIO input. Uses included reflector mounted opposite portal. Required power supply is already included with the portal and does not ship with the accessory.	ea	\$ 205.72
ALR-8800	866 MHz Readers and Antennas for use in Europe	Gen 2 Enterprise RFID Reader, 866 MHz passive, multistatic reader kit, Gen 2, 4 ports, high performance,	ea	\$ 2,398.53

LABOR CATEGORIES AND QUALIFICATIONS

GSA has approved the following XIO labor categories and associated qualifications for RFID and

UID-related services for SIN 617 13 under this contract. For each of the categories listed, 6 years of general experience plus a high school diploma or equivalent are considered equivalent to a bachelor's degree. Four years of general experience plus a bachelor's degree are considered equivalent to a master's degree. Four years of general experience plus a master's degree are considered equivalent to a Ph.D.

Administrative Support:

Job Duties: Provides administrative-type support to technical and management-level personnel. This includes, but is not limited to, documentation planning and support, project administration, program management support, event planning and administration, office relocation planning, mail services, records, and data input.

- Administrative Support I
- Administrative Support II
- Administrative Support III
- Administrative Support IV
- Administrative Support V
- Administrative Support VI

Job Qualifications:

- Administrative Support I – High school diploma or equivalent
- Administrative Support II – High school diploma or equivalent and 3 years of general experience
- Administrative Support III – High school diploma or equivalent and 5 years of general experience
- Administrative Support IV – High school diploma or equivalent and 7 years of general experience
- Administrative Support V – Bachelor's degree or equivalent and 3 years of general experience
- Administrative Support VI – Bachelor's degree or equivalent and 5 years of general experience

Project Assistant:

Job Duties: Reports to the project lead and provides support work in administrative and operational matters aimed at helping projects advance smoothly, coordinating with project personnel as directed by project manager, and ensuring the highest quality deliverables are provided to the customer.

- Project Assistant I
- Project Assistant II
- Project Assistant III
- Project Assistant IV

Job Qualifications:

- Project Assistant I – Bachelor's degree or equivalent and 2 years of general experience
- Project Assistant II – Bachelor's degree or equivalent and 4 years of general experience
- Project Assistant III – Bachelor's degree or equivalent and 6 years of general experience
- Project Assistant IV – Master's degree or equivalent and 4 years of general experience

Logistics Consultant

Job Duties: Provides expert functional and technical support to top-level management to integrate the best industry practices and reduce risk in implementing new technologies, methods, and processes. This includes expertise in one or more of the following: logistics systems, tools, assessments of existing supply chains, implementation and change strategies, life-cycle impact analyses, facility and location consolidations, and transportation modeling.

- Logistics Consultant I
- Logistics Consultant II
- Logistics Consultant III

Job Qualifications

- Logistics Consultant I – Master's degree or equivalent and 6 years of general experience
- Logistics Consultant II – Master's degree or equivalent and 10 years of general experience
- Logistics Consultant III – Doctorate degree or equivalent and 12 years of general experience

Logistics Technician

Job Duties: Works under supervision to perform a variety of logistics functions which are broad in nature and include warehousing, packaging, shipping, and maintaining, repairing, and operating facilities and/or equipment.

- Logistics Technician I
- Logistics Technician II
- Logistics Technician III
- Logistics Technician IV
- Logistics Technician V
- Logistics Technician VI
- Logistics Technician VII

Job Qualifications:

- Logistics Technician I – High school diploma or equivalent
- Logistics Technician II – High school diploma or equivalent and 2 years of general experience
- Logistics Technician III – High school diploma or equivalent and 4 years of general experience
- Logistics Technician IV – High school diploma or equivalent and 6 years of general experience
- Logistics Technician V – Bachelor's degree or equivalent and 2 years of general experience
- Logistics Technician VI – Bachelor's degree or equivalent and 4 years of general experience
- Logistics Technician VII – Bachelor's degree or equivalent and 6 years of general experience

Management Consultant

Job Duties: Performs a variety of logistics engineering tasks concerned with the design, implementation, operations, and performance of logistics functions, including supply chain, acquisition, distribution, and transportation. Supervises team of logisticians through project completion.

- Management Consultant I
- Management Consultant II
- Management Consultant III
- Management Consultant IV
- Management Consultant V

Job Qualifications:

- Management Consultant I – Bachelor's degree or equivalent and 4 years of general experience
- Management Consultant II – Bachelor's degree or equivalent and 6 years of general experience
- Management Consultant III – Bachelor's degree or equivalent and 8 years of general experience
- Management Consultant IV – Master's degree or equivalent and 10 years of general experience
- Management Consultant V – Master's degree or equivalent and 12 years of general experience

Procurement Specialist

Job Duties: Includes efforts involved in buying goods and services. Receives requests for purchase of parts or repair of materiel. Locates sources of supplies, requests quotes from vendors, evaluates bids, and selects the most qualified source. Issues purchase orders, tracks status, and expedites orders according to customer requirements. Communications with customers are in person, electronically, or by telephone. Automated and Internet-based systems are used for most functions.

- Procurement Specialist I
- Procurement Specialist II
- Procurement Specialist III
- Procurement Specialist IV
- Procurement Specialist V

Job Qualifications

- Procurement Specialist I – High school diploma or equivalent
- Procurement Specialist II – High school diploma or equivalent and 4 years of general experience
- Procurement Specialist III – Bachelor's degree or equivalent and 4 years of general experience
- Procurement Specialist IV – Bachelor's degree or equivalent and 6 years of general experience
- Procurement Specialist V – Bachelor's degree or equivalent and 8 years of general experience

Program/Project Manager

Job Duties: Manages project operations. Ensures project schedules are met. Ensures system resources are used effectively. Responsible for overall management of the specific task order(s).

- Program/Project Manager I
- Program/Project Manager II
- Program/Project Manager III
- Program/Project Manager IV
- Program/Project Manager V

Job Qualifications:

- Program/Project Manager I – Bachelor's degree or equivalent and 6 years of general experience
- Program/Project Manager II – Bachelor's degree or equivalent and 8 years of general experience
- Program/Project Manager III – Bachelor's degree or equivalent and 10 years of general experience
- Program/Project Manager IV – Bachelor's degree or equivalent and 12 years of general experience
- Program/Project Manager V – Master's degree or equivalent and 12 years of general experience

RFID Consultant

Job Duties: Participates in the implementation of RFID technology. Activities may include: hardware procurement, installation and configuration; software development and configuration; system engineering; system architecture; physical infrastructure installation; system interfacing; testing; conducting site surveys; data analysis; developing/capturing metrics; reporting; documentation; and training.

- RFID Consultant I
- RFID Consultant II
- RFID Consultant III
- RFID Consultant IV
- RFID Consultant V
- RFID Consultant VI

Job Qualifications:

- RFID Consultant I – Bachelor's degree or equivalent and 2 years of general experience
- RFID Consultant II – Bachelor's degree or equivalent and 4 years of general experience
- RFID Consultant III – Bachelor's degree or equivalent and 6 years of general experience
- RFID Consultant IV – Bachelor's degree or equivalent and 8 years of general experience
- RFID Consultant V – Master's degree or equivalent and 7 years of general experience
- RFID Consultant VI – Master's degree or equivalent and 10 years of general experience
